

Lucas Cavalcanti Rodrigues

SUMMARY

I work as a mid-level Data Engineer at DP6. I have experience with statistics, applied econometrics, academic research, and working in dynamic teams. My IT skills include advanced knowledge of Python, with an emphasis on data analysis libraries like pandas, matplotlib and statsmodel. In addition, I have intermediate knowledge of Linux and basic knowledge of machine learning, web development (HTML, CSS, Javascript, Flask), SQL, Rust, R, and Google Cloud (Big Query, VM, Cloud Function, Cloud Scheduler). I also hold a Phd in Economics.
